

PPL Webcaster Licence - Territories

Given that most UK Online Radio stations are accessible internationally, *PPL* has entered into a *Webcasting* Reciprocal arrangement along with overseas music licensing companies that represent record labels and performers locally. This means that *PPL* is able to license the streaming of *Sound Recordings* to those territories that have signed up to these agreements. The current list of countries that we are able to license on behalf of are as follows:

Argentina	Australia	Austria
Belgium	Bulgaria	Costa Rica
Czech Republic	Denmark	Dominican Republic
Ecuador	Estonia	Finland
France	Germany	Guatemala
Greece	Hong Kong	Hungary
Iceland	Ireland	Israel
Italy	Jamaica	Latvia
Lithuania	Malaysia	Mexico
Netherlands	New Zealand	Norway
Panama	Paraguay	Peru
Poland	Portugal	Singapore
Slovenia	Spain	Sweden
Switzerland	Thailand	Uruguay
United Kingdom		

Additional countries are expected to sign to this Webcasting Reciprocal in future, and as and when they do our licence will be extended to cover them as well. An up-to-date list of countries can be found on the PPL website (www.ppluk.com).

Should your *Service* stream to users in any of the above territories, *PPL* will have to account the necessary royalties back to the music licensing companies in those territories, who will then pass the monies on to the relevant record labels and performers locally.
