Your response	
1	Please indicate if you agree with PPL's proposal to base the central database fees based on the maximum number of tracks retained on the database at the highest point each calendar year. If not, please provide your feedback. [ ]
2	Please indicate if you agree with PPL's proposal to charge for both the loading and retention of tracks, based on a fee of £350 (excluding VAT) per 5,000 tracks, or part thereof, retained on your database each year and increasing annually in line with the increase in the RPI (as set out above). If not, please provide your feedback. [ ]
3	How many tracks do you currently hold on your central database? [ ]

4	Based on PPL's proposal, do you plan to change the number of tracks that you add and/or keep on your central database and use in your service? If so, how?
	[            ]
